

FIREWORKS AND EXPLOSIVE DEVICES THAT ARE ILLEGAL IN WASHINGTON STATE

Federally Legal Consumer Fireworks: These items are legal to purchase, possess, and discharge only on designated tribal lands. Possession and/or use off the reservation is illegal.

Firecrackers

Generally 1/4" x 1 1/2" or less that come in packs to large bricks. A firecracker makes a single "pop" sound. Many firecrackers strung together will make repetitive "popping" sounds.

Sky Rockets and Missiles

Similar to the Bottle Rocket, a Sky Rocket is attached to a stick or has fins and may have a plastic cap. A missile will have fins rather than a stick. Once lit, it ascends rapidly, high into the air where it explodes.

Bottle Rockets

A firecracker type (tube) attached to a 12" long wooden stick. The stick is placed in a bottle and once lit, it rises into the air, travelling laterally before exploding.

Illegal Explosive Devices: The possession, manufacturing, or using of illegal Explosive Devices is a criminal offense.

M-80's, M-100's, etc.

Illegal since the 70's, an M-80 can contain flash powder, black powder, or a composition of materials that are sensitive to shock and can injure or kill people. Can do serious permanent damage to fingers, hands, and eyes.

Improvised Explosive Device (IED)

A pipe bomb is an improvised explosive device, consisting of a tightly sealed section of pipe that is filled with an explosive material. The pipe provides containment, meaning that a low explosive can be used to produce a relatively large explosion.

A tennis ball bomb is an improvised explosive device consisting of a tennis ball filled with combustibles or pyrotechnic material with a fuse producing a loud explosion.

Altered Firework

Sparklers are bound together in electrical or duct tape to contain the ignition of the sparklers, providing for a loud "whoomp" sound with a flash of light.
